

Curriculum Vitae

Name: Srinivas S. Ganji, MD, FRCPC, FAAN, FAHA, FAASM

Office: Neurology and Sleep Disorders
209 Highland Park Plaza
Covington, LA 70433
(985) 892-6291

Date of birth: 8-14-1943

Citizenship: Naturalized USA

Educational background:

1958-1960 B.Sc (Chemistry), Andhra University, Waltair, India

1960-1965 MBBS (equivalent to MD in USA), Andhra Medical College, Andhra University, Waltair, India

1967-1970 M.D. (Internal Medicine) post-graduate degree
All India Institute of Medical Sciences, New Delhi, India

1970-1972 Post-graduate studies in Neurology, All India Institute Of Medical Sciences, New Delhi, India

1996-1997 Sleep Disorders-Fellowship- Henry Ford Hospital
Detroit, Michigan

Internship and Residency:

1965-1966 Rotating internship, King George Hospital
Visakhapatnam, India

1966-1967 House Officer, Medicine and Dermatology,
All India Institute of Medical Sciences, New Delhi,
India

1967-70 Residency, Internal Medicine, All India Institute of
Medical Sciences, New Delhi, India

- 1970-1972 Residency, Neurology, All India Institute of Medical Sciences, New Delhi, India
- 1972-1975 Residency, Neurology, UAB Medical Center, Birmingham Alabama

Positions held:

- 1970-1971: Assistant Research Officer, Indian Council of Medical Research and All India Institute of Medical Sciences, New Delhi, India
- 1972-1972: Registrar, Internal Medicine, All India Institute of Medical Sciences, New Delhi
- 1974-1977: Instructor, Neurology, UAB Medical Center, Birmingham, Alabama
- 1975-1977: Assistant Director, EEG Laboratory, University Hospital, Birmingham, Alabama
Assistant Medical Director, EEG Technology training program, SCHAR, UAB Medical center, Birmingham, Alabama
- 1976-1977: Attending Neurologist, VA Medical center, Birmingham, Alabama
- 1977-1978: Staff Neurologist, Lafayette Clinic, Detroit, Michigan and Caro Regional Mental Health center, Caro, Michigan
- 1978-1982: Staff Neurologist, VA Medical center, Allen Park, Michigan, Assistant Professor of Neurology, Wayne State University Medical Center, Detroit, Michigan
- 1981-1982: Assistant Chief of Neurology, VA Medical center, Allen Park, Michigan
- 1982-1984: Medical Director, EEG technology training program, Allied Health, LSU School of medicine, New Orleans
- 1982-1988: Assistant Professor of Neurology, LSU School of Medicine, New Orleans
- 1988-1989: Associate Professor of Neurology (Tenure), LSU School of Medicine, New Orleans
- 1988- present: clinical practice in Neurology and sleep disorders
- 1993- present: Clinical Associate Professor of Neurology, Tulane Medical center, New Orleans, Louisiana

Specialty Boards:

- 1976:** **Certification in Neurology #309**
Royal College of Physicians and Surgeons of Canada
- 1977:** **Board certification in Clinical**
Electroencephalography #131
- 1979:** **Certification in Neurology #18890**
American Board of Psychiatry and Neurology
- 1994:** **Certification in Clinical Neurophysiology #317**
American Board of Psychiatry and Neurology
- 1998:** **Diplomate, American Board of Sleep Medicine**
- 2004:** **Re-certification in Clinical Neurophysiology #317**
American Board of Psychiatry and Neurology
- 2009** **Diplomate, Sleep Medicine, American Board of**
Psychiatry & Neurology

Medical Licensure:

Louisiana, Alabama, Georgia, Florida, Philadelphia, New York, New Jersey, Arizona, California, Michigan

ECFMG: passed in 1971 (first attempt)

FLEX: District of Columbia, 1975 (first attempt)

Book Chapters:

Ganji S., Elston, R.C., Nguyen Thai, and Frazier, E

Short-latency somatosensory evoked potentials in Guillain-Barre syndrome.
Barber, C., Blum, T (eds): Evoked Potentials III, Butterworth 1988, pp 303-308

Ganji, S

Short-and long latency somatosensory evoked potentials in focal vascular lesions
Nodar R.H., Barber C (eds): Evoked Potentials II, Mass: Butterworth, 1984 pp413-422

Ganji S., Brinkman, S., Shirley, J.G., Morrell, R.M., Jacobs, L.A.

Long latency somatosensory evoked potentials during carotid endarterectomy
Nodar R.H., Barber C (eds): Evoked Potentials II Mass: Butterworth, 1984, pp 589-593

Ganji, S., Mahajan, S.K., AbuOHamdan, D.K., Migdal, S.D.

Somatosensory evoked potentials in uremia
Atsumi, K., Maekawa, M., Ota, M (eds): Progress in Artificial organs. Cleveland: ISSO Press, 1984 pp 434-438

Publications in referred Journals:

Ganji, S., S, Palliyat., Jayakrishan, C., Devrajan, V.N., McDonald, L

Periodic complexes, absence-like status (ALS) and suppression burst pattern in coma following cardiorespiratory arrest
Clinical Electroencephal 28: 76-86, 1997

Ganji, S., Henry, R., Furlow, J

Diffuse theta activity and spindle-like bursts during coma after cardiac arrest
Clinical Electroencephal 27: 89-94, 1996

Ganji, S., Ferriss, G.S., Rao, J., Furlow, J

Hypersomnia associated with a focal pontine lesion
Clinical Electroencephal 27:52-56, 1996

Ganji, S., Hellman, S., Stagg, S., Furlow, J

Episodic coma due to acute basilar artery migraine: Correlation of EEG and brainstem auditory evoked potential patterns
Clinical Electroencephal 24: 44-48, 1993

Ganji, S., Williams, W., Furlow, J

Bilateral occipital lobe infarction in acute migraine: Clinical, neurophysiological and neuroradiological study.
Headache 32: 360-365, 1992

Ganji S., Duncan, M.C

Angelman's Syndrome (Happy Puppet): Clinical, CT scan and serial electroencephalographic study
Clinical Electroencephal 20: 128-140, 1989

Ganji, S., Frazier, E

Somatosensory evoked potential studies in Acute Guillain-Barre syndrome.
Electromyography and Clinical Neurophysiology 28: 313-317, 1988

Ganji, S., Duncan, M.C., Frazier, E

Sydenham's Chorea: Clinical, EEG and CT scan and Evoked potential studies
Clinical Electroencephal 19:114-122, 1988

Ganji, S., Peters, G., Frazier, E

Somatosensory and brainstem auditory evoked potential studies in non-traumatic coma
Clinical Electroencephal 19: 55-67, 1988

Ganji, S., Ann C. Tilton., Happel, L., Marino, S

Hysarhythmia-infantile spasm: in Near Drowning: Clinical, EEG and CT and evoked potential studies
Clinical Electroencephal 18: 180-196, 1987

Ganji, S., Peters, L., Frazier, E

Alpha-coma: Clinical and evoked potential studies
Clinical Electroencephal 18: 103-113, 1987

Ganji, S

Basilar migraine EEG and Evoked potential patterns
Headache 26:220-223, 1986

Ganji, S., Hellman, D.C

Tuberous Sclerosis: Long term follow up and longitudinal
electroencephalographic study
Clinical Electroencephal 16:219-224, 1985

Cushman, L., Brinkman, S.D., **Ganji, S.**, Jacobs, L.A.

Neuropsychological impairment after carotid
endarterectomy with Intraoperative ischemia
Cortex 20: 403-412, 1984

Brinkman, S.D., Braun, P., **Ganji** et al

Neuropsychological performance one week after carotid
endarterectomy reflects Intraoperative ischemia
Stroke 15:497-503, 1984

Ganji, S., Mahajan, S

Changes in short latency somatosensory evoked potentials
during hemodialysis in chronic renal failure
Clinical Electroencephal 14:202-206, 1983

Jacobs, L.A., **Ganji, S.**, Shirley, J et al

Cognitive impairment after extracranial reconstruction for
the low flow endangered brain
Surgery 93:338-343, 1983

Jacobs, L.A., Brinkman, S.D, Morrel, R.M., Shirley, J., **Ganji, S**

Long latency somatosensory evoked potentials during
carotid endarterectomy
Am Surgery 49:338-343, 1983

Simon, M.R., Salberg, D.J., Silva, J., **Ganji S.**, Desai, S., Muller B.R

Atypical mycobacterium infection treated with dialyzable
leukocyte extracts. Evidence for antigenic specificity
Clinical Immunology and Immunopathology 20:123-128,
1981

Halsey, J.H., **Ganji, S.**, Erdman, W., Mardis, H.M

Studies in cerebral ischemia
Microvascular Research 13:363-370, 1977

Pathak, S.N., Dharampaul, S., **Ganji, S.**, Balani, D.K., Sriramchari, S

Vital signs in progressive intracranial hypertension- An
experimental study
Indian Journal of Medical Research 61:1550-1562, 1973

Pathak, S.N., Dharampaul, S., **Ganji, S.**, Balani, D.K., Sriramchari, S

Vital signs in progressive intracranial hypertension-An
experimental study
Indian Journal of Medical Research 60:859-869, 1972

Published abstracts:

Ganji, S., Peters, S., Frazier, E

Non-Traumatic coma: Clinical, EEG and Somatosensory and
brainstem auditory evoked potential study
Proceedings of the 37th Annual conference of Neurological
Society of India, December 1987

Ganji, S., Peters, G

Short-latency somatosensory and brainstem auditory evoked
potential studies in non-traumatic coma
3rd International Evoked Potentials symposium 1988

Ganji, S., Elson, R.C., Nguyen Thai., Frazier, E

Short latency somatosensory evoked potentials in Guillain-
Barry syndrome
3rd International Evoked Potentials Symposium 1988

Ganji, S., Peters, G

Evoked Potential in non-traumatic coma
Electroencephal Clin Neurophysiol 64:71,1986

Ganji, S.

Short and long latency somatosensory evoked potentials in focal cerebral lesions
Electroencephal Clin Neurophysiol 58:53, 1984

Brinkman, S.D., **Ganji, S.**, Shirley, J et al

Bilateral changes in cortical responses with unilateral acute carotid occlusion
Federation Proceedings 42:1000,1983

Ganji, S., Peters, G

Prognostic significance of prolonged brainstem conduction time in coma of metabolic etiology
Electroencephal Clin Neurophysiol 53:32, 1982

Ganji, S

Somatosensory evoked potential studies in cerebrovascular disease
Electroencephal Clin Neurophysiol 53:86, 1982

Ganji, S., Mahajan, S

Changes in short latency somatosensory evoked potentials during hemodialysis
The Proceedings of 2nd International evoked Potentials Symposium 1982

Ganji, S., Brinkman, S.D., Shirley, J et al

Long latency somatosensory evoked potentials during carotid endarterectomy
The Proceedings of 2nd International evoked Potentials Symposium 1982

Ganji, S., Peters, G

Somatosensory evoked potentials and EEG in comatose patients
Electroencephal Clin Neurophysiol 51:67, 1981

Ganji, S., Peters, G

Somatosensory evoked potentials, brainstem auditory evoked responses and EEG in comatose patients
Electroencephal Clin Neurophysiol 52:84, 1981

Ganji, S., Sudindranath, U., Peters, G

Central conduction time in comatose patients
Electroencephal Clin Neurophysiol 50:227, 1980

Ganji, S., Anderson, R., Little, S.C

Study of CAT scan and EEG in acute cerebrovascular disease
Electroencephal Clin Neurophysiol 43:767, 1977

Vitek, J.J., **Ganji, S**

Prognosis and predictability of recovery from acute ischemic infarction and intracerebral hemorrhage by computerized axial tomography
Excerpta Medical 42: 311, 1977

Ganji, S., Strong, E., Elison, M., Halsey, J.H

Electroencephalographic observations in experimental ischemia in gerbils in hyperglycemic and normoglycemic conditions
Electroencephal Clin Neurophysiol 41:649, 1976

Kao, Y.S., **Ganji, S.,** Little, S.C

Clinical and EEG findings associated with 6 c/s wave and spike pattern
Electroencephal Clin Neurophysiol 39:104, 1975

Pathak, S.N., Dharampaul, S., **Ganji, S**

Vital signs and EEG in intracranial hypertension
Proceedings of the III Asian and Oceanic congress of Neurology, Bombay 1971

Participation at Professional Associations:

7th Annual meeting, American Sleep Disorders Association and Sleep Research, Los Angeles, June 1993

Ganji, S., Gregory S. Ferriss

Hypersomnia in a focal pontine lesion: Correlation of clinical, neuroradiological and neurophysiological data.

The 3rd Internal Evoked Potentials Symposium 1988

Ganji, S., Peters, G

Short-latency somatosensory and brainstem auditory evoked potential studies in non-traumatic coma

The 3rd International Evoked Potential Symposium 1988

Ganji, S., Elson, R.C., Nguyen Thai and Frazier E

Short latency somatosensory evoked potentials in Guillain-Barre Syndrome

37th Annual meeting of Neurological Society of India, December 1987

Ganji, S., Peters, G., Frazier, E

Non-traumatic coma: clinical, EEG and somatosensory and brainstem auditory evoked potential study

Annual meeting of American EEG Society, Seattle, 1986

Ganji, S., Peters, G

Evoked potentials in nontraumatic coma

The 3rd International Evoked Potential symposium, West Berlin, Germany, October 1986

Ganji, s., Elson, R.C., Nguyen T, Frazier, E

Short latency somatosensory evoked potentials in Guillain Barre Syndrome

The 3rd International Evoked Potential symposium, West Berlin, Germany, October 1986

Ganji, S., Peters G

Short latency somatosensory and brainstem auditory evoked potentials in non-traumatic coma

International Neuropsychological Society, Houston, 1984

Brinkman, S.D., Cushman, L, Braun, P and Ganji, S

Angiography and Neuropsychological performance in patients who undergo carotid endarterectomy

International Neuropsychological Society, Houston, 1984

Cushman, L., Brinkman, S.D., Ganji, S et al

Post-endarterectomy neuropsychological performance: prediction by history of stroke and Intraoperative ischemia

4th Annual meeting of International Society of Artificial Organs, Kyoto, Japan 1983

Ganji, S., Mahajan, S., Abu-Hamdan, D.K., Midgal, S.D
Somatosensory evoked potentials in uremia

Annual meeting of American EEG Society, New Orleans 1983

Ganji, S
Short and long latency somatosensory evoked potentials in focal cerebral lesions

The 2nd International evoked potential symposium, Cleveland 1982

Ganji, S., Brinkman, S.D et al
Long latency somatosensory evoked potentials during carotid endarterectomy

The 2nd International evoked potential symposium, Cleveland 1982

Ganji, S
Short and long latency somatosensory evoked potentials in focal vascular lesions

6th Annual meeting of Midwestern vascular surgical society, Wisconsin 1982

Jacobs, L.A., Ganji, S., Shirley, J et al
Cognitive improvement after extracranial reconstruction for the low flow endangered brain

34th Annual meeting of Southern EEG society, Orlando, Florida 1981

Ganji, S
Somatosensory evoked potentials in cerebrovascular disease

Michigan Neurological Association, December 1981

Ganji, S
The usefulness of somatosensory evoked potentials in focal cerebral lesions

The Annual meeting of American EEG Society, Chicago, 1981

Ganji, S., Peters, G
The prognostic significance of prolonged brainstem conduction time in coma of metabolic etiology

Central EEG meeting, Madison, Wisconsin, 1981

Ganji, S., Peters, G
Somatosensory evoked potentials and brainstem auditory evoked potentials and EEG in comatose patients

Annual meeting of Southern EEG society, San Antonio, 1980

Ganji, S., Peters, G
Somatosensory evoked potentials and EEG in comatose patients

Michigan Neurological Association, Detroit, 1980

Matlock, M., Shirley, J.G., Ganji, S et al
Assessment of cognitive function in locked-in syndrome

Joint conference of Western and Central EEG Societies, Denver 1980

Ganji, S., Nath, U.S., Peters, G et al
Central conduction in coma

American Medical EEG Association, Kansas City 1977

Ganji, S
Long term follow up of tuberous sclerosis

International Congress, Amsterdam 1977

Vitek, J.J., Ganji, S
Prognosis and predictability of recovery from acute ischemic infarction and intracerebral hemorrhage by computerized axial tomography

Annual meeting of Southern EEG society, Charleston, SC 1976

Ganji, S., Anderson, R., Little, S.C
Study of CAT scan and EEG in acute cerebrovascular disease

Annual meeting of Western EEG society, San Antonio, 1976

Ganji, S., Strong, E., Wilson, E and Halsey J.H.
Electroencephalographic observations in experimental ischemia in gerbils in hyperglycemic and normoglycemic conditions

Annual meeting of Southern EEG society, Little Rock, 1975

Kao, Y.S., Ganji, S., Little, S.C
Clinical and EEG findings associated with 6 c/s spike wave pattern

10th annual meeting of Indian Society of Gastroenterology, Srinagar, India

Ganji, S: Immunoglobulins in Hepatic amoebiasis

Other Professional meetings attended:

- | | |
|-------|--|
| 2010 | Southern Sleep society, Austin, Texas |
| 2011 | Sleep review course, American College of Chest Physicians, Orlando |
| 2009 | Sleep review, American College of Chest Physicians, Phoenix |
| 2009 | Sleep review, American Academy of Sleep Medicine, Chicago |
| 2009 | Southern Sleep Society, Atlanta |
| 2001: | Association of Professional Sleep Society, Chicago |
| 2000: | Association of Professional Sleep Society, Las Vegas |

- 1999: Association of Professional Sleep Society, Orlando
- 1998: Association of Professional Sleep Society, New Orleans
- 1997: Association of Professional Sleep Society, San Francisco
- 1993: American EEG Society, New Orleans
American Electrodiagnostic Medicine, New Orleans
Speaker: Sleeplessness, out reach center, TGMC, Houma
Speaker: migraine update, sponsored by Houma Heart Clinic
- 1992: video conference, American Academy of Neurology, Advances in
Biology, Pharmacology of headache, May 1992
- 1991: Advances in Epilepsy: Bowman-Gray school of Medicine, Winston-
Salem, sponsored by Abbot Pharmaceuticals
Electromyography course: Harvard School of Medicine
- 1983: American EEG Society, New Orleans
American Neurological Association
- 1981: American Academy of Neurology, Toronto
- 1979: American Academy of Neurology, Chicago
American EEG Society, Atlanta
- 1978: American Association of EMG and Neurodiagnosis, St. Louis
4th International congress of neuromuscular diseases, Montreal
- 1977: American EEG Society
- 1976: special course in Neuropathology, AFIP, Washington DC
Hans Berger symposium, Richmond
American EEG society, Dearborn
- 1975: Hans Berger symposium, Richmond
American Academy of Neurology, Miami
Aspirin-TIA study, American Heart Association, Dallas
- 1974: special courses in EEG, Duke University
Neuromuscular symposium, Houston
American Academy of Neurology, San Francisco
Joint conference of Canadian-USA TIA study, Toronto

Lectureship:

- 1997: Grand Rounds, Henry Ford Hospital, Involuntary movements in sleep
- 1989: Faculty: ABR course, Kresge Hearing Research, LSU, New Orleans
- 1989: Faculty: ABR Course, Kresge, June and October
- 1987: Faculty: ABR course, Kresge Hearing Research, October
Somatosensory evoked potentials, Southern EEG society, Birmingham
- 1986: Faculty: ABR Course, February, and July
- 1985: Faculty: ABR Course, January, March, June and November
- 1984: Faculty: ABR Course, February, July and October
- 1983: Faculty: ABR course, October
- 1982: Faculty: Advanced ABR course
- 1981: Speaker: Basic concepts of Evoked potential studies: VA Hospital, Portland
Clinical evaluation of coma: Grand rounds, VA medical center, Allen Park, Michigan
Speaker: Myasthenia gravis, Grand rounds, Internal Medicine, VA hospital, Allen Park
Coma: clinical and evoked potential studies, Harper Grace Hospital, Detroit
Speaker: pathophysiology of pain, VA medical center, Allen Park
Speaker: Alcohol neurological disease, Lafayette clinic, Detroit
Speaker: faculty, American college of physicians, Review, MKSAP V course
Speaker: somatosensory evoked potentials, Harper Grace hospital
Speaker: Michigan speech pathology
Speaker: alcohol neurological disease, VA hospital, Allen Park
- 1980: Speaker: Somatosensory evoked potentials and clinical applications
Audiology society of Detroit
Speaker: Neurosyphilis grand rounds, Internal Medicine, VA Medical center, Allen Park
Speaker: Pathophysiology of pain management, VA Medical Center, Allen Park
- 1979: Speaker: Myasthenia gravis, VA Medical Center, Allen Park

- 1977: Speaker: Cerebrovascular disease and experimental ischemia, VA Hospital, Lyons, NJ
- 1975: Speaker: EEG changes in acute cerebral ischemia an experimental study in gerbils, VA hospital Leavenworth, Kansas

Hospital appointments:

- 1975-77: Veterans Hospital, Birmingham
University Hospital, Birmingham
- 1977-78: Lafayette clinic, Detroit
- 1978-82: V.A. Hospital, Allen Park, Michigan
- 1982-1988: Hotel Dieu, New Orleans
Southern Baptist Hospital
- 1989-98: Terrebonne General Hospital
Children's hospital
St. Charles hospital in Luling
- 1998- present:
St Tammany hospital, Lakeview Regional

Professional Membership:

- 2010 American Society of Neurophysiological monitoring
- 2010 American Association of Neuromuscular and Neurodiagnostic Medicine
- 2001: **Fellow** of American Heart Association
- 1999: Member, Membership committee, American Sleep disorders association (2 year)
- 1998: **Fellow** of American Sleep Disorders Association
- 1992: **Member**- Movement Disorders Association
Member- American sleep disorders association
- 1991: **Fellow**, Stroke Council
- 1986: Fellow, American EEG Society

- 1984: **Fellow**, American Academy of Neurology
Member, Board of Directors, Epilepsy society of SE Louisiana
- 1983: **Member** of AMA
Member, Louisiana State Medical society
Member, New Orleans Parish medical society
Member, Society of Headache
- 1982: Member, executive board of VA medical center, Allen Park, MI
- 1979: **Member**, American EEG society
- 1978: Member, Utilization Review, VA medical center, Allen Park, MI
- 1977: American academy of neurology active member
AMA
American Medical EEG society
Royal Society of Medicine, London, England
Member- Alabama chapter of Epilepsy
- 1976: Fellow Royal college of Physicians and Surgeons of Canada
- 1975: **Member**, American Epilepsy society
- 1974: American EEG Society
American Academy of Neurology
Southern EEG society

(**Bold** letters indicate current membership)

Research experience:

- 1973-1976: Aspirin TIA study: evaluation of patients for International coOp study evaluating the effectiveness of aspirin in patients with TIAs. Dept of Neurology, UAB Medical center, Birmingham, Alabama
- Study of Cerebral pH in gerbils in acute ischemic insults, UAB
- Study of pattern of consumption and effects of alteration of extracellular glucose in brains of gerbils
- 1970-1971: Study of experimental production of intracranial hypertension by extradural balloon inflation in primates. Research Officer, Indian Council of Medical Research
- 1967-70: Immunoglobulins in hepatic amoebiasis. All India Institute of Medical Sciences, New Delhi, India

Awards:

Certification of appreciation, Utilization review, VA Medical Center,
Allen Park, Michigan

Silver Medal B.Sc Chemistry (1958-59)

Gold Medal B.Sc Chemistry (1959-1960)

Manuscripts in preparation:

- Red ear syndrome, Clinical features and association with migraine
- Evoked responses in migraine
- Abdominal migraine: myth or reality
- Chest pains in migraine population
- Cutaneous lesions in migraine
- RLS in Parkinson's disease
- Epilepsy and migraine
- Complicated migraine following Ig G administration

Community services:

North Lake publications

Migraine

Snoring

Sights, sounds and jumps in sleep

Sleep disorders and health hazards

Sleep disorders: RLS and periodic limb movements

Community lectures at St Tammany hospital: migraine, Alzheimer's disease,
sleep apnea and insomnia

Guest speaker for Pharmaceutical companies (present and past)

Glaxo-Smith Kline: Imitrex and Requip, Treximet

Pfizer: Relpax, Neurontin, Lyrica

Merck- Maxalt

Previous representations:

Advisory Board meeting, Glaxo: Amerge, New Orleans

Advisory Board meeting, Pfizer: Neurontin, New Orleans

Speakers training program: Provigil, Dallas

Speakers training program: Glaxo on Migraine in Colorado Springs

Speakers training program: Glaxo on Migraine in Dallas

Advisory board meeting: Parkinson's disease, Tucson, AZ
